

District Meeting report August 2014

Old Business: Last month Bob our Webmaster announced he is attending an AA technology conference and asked the Area Committee to fund it. After lengthy discussion it was voted to fund his expense.

A motion was made to ask the Webmaster to create new email accounts and to remove the underscore and the word "committee".

The vote was unanimous in favor

New Business: CPC chair asked the Area Committee to approve the expense of 71.39 over what was approved at the Spring Assembly for the CPC boards.

CPC chair also asked for the Area Committee to approve \$50. To fulfill a request from the "After Incarceration Support Services" staff for 100 W&W after discussion it was decided to approve the request and have an order form attached.

Mark our Alt Delegate recommend that Past Delegates, Registrar, Archivist and Webmaster be made voting members of the Area Committee. The Archivist said the discussion has been brought up many times before during Area 31 history and at one time they were all voting members. Anne our Delegate ask the Archivist to bring in the history for further discussion.
