

Area Committee Relocation Ad Hoc Committee Meeting 25 May 2021

We opened the meeting, after 37 minutes of technical confusion, with a moment of silence followed by The Serenity Prayer.

We reviewed our scope and purpose as outlined by the Area Chair, Steve M.

The ideal new area office we determined would be:

- * Two (2) meeting rooms. One (1) to house thirty-five to forty (35-40) people or the population of the Area Committee and the other a room of eighty - one hundred (80-100) for Area Assemblies and other larger meetings.

- * Additionally two small rooms for The Archive Committee of ~ 300- 500 square feet and storage room for the Area of ~ 150 square feet.

- * Two restrooms.

- * A well lit Parking Lot to fit a minimum of 30-50 vehicles.

- * Building and all rooms to be Handicap Accessible.

- * Internet preferably.

- * Kitchen would be a plus.

The brainstorming continued to include the method(s) of our search. Besides tapping the immediate resources of the committee members we thought of getting the word out of our needs to garner up leads. Then the committee could qualify them before physically visiting the site(s). The Internet was also suggested.

Before we ended with The Lord's Prayer a brilliant question was asked. "Is there a budget limitation (\$) for the proposed new sites we're to report back?"

Thank you for asking us to be of service and your support.

Gratefully,
The Committee
