Opened with a moment of silence followed by the Serenity prayer and reading and discussion of both the Tradition and Concept of the month. Introductions all around followed with a reading and the acceptance of the minutes of last month's meeting.

Group reports followed and contained the following:

Better Life; Attendance remains strong with contributions covering expenses and allowing for pie chart contributions and a separate contribution in Nov. for gratitude to the GSO and the church. The new concurrent Beginner's meeting has proved popular and has alleviated the overcrowding at the Speaker discussion meeting. Business meetings are well attended and the Detox commitment and outgoing have been well covered.
