### **Steve-delegate(invited guest)**

Neraasa will only be online next year.

Spring assembly- the whole purpose is to have the delegate get an understanding of the groups' conscience. The agenda items are what will be voted on at GSC.

The delegate wants an *informed* conscience of the groups to the best of your ability-so read the agenda items which can be found in the [area31@aa.org](mailto:area31@aa.org)

NERD-the current delegates discuss hot topics(plain language BB)

Our delegate can compare the new BB but cannot come back here and discuss back here what he has learned at the conference such as what is in the plain language BB.

Although he would like to.

Access to some of the plain language BB is available for viewing as we speak.

Bridging the Gap is getting someone to their first AA meeting when leaving institutions.
