

Berkshire Intergroup Office Report
February 2024

We received another email from a member trying to buy books through the Berkshire Intergroup website. I replied with an apology and referred them to other online ordering sources if getting to 152 Fenn St, Suite 30 C is not possible.

The office was open 10 days in February. Thanks to: Dwayne, Jim and Louise. Stop in at the office on Monday, Tuesday, or Friday 1:30pm-4:00pm (call 413 448-2382 first) to ask a current Volunteer for their experience regarding this service.

Literature and coins: As stated last month, prices on coins will be going to \$.75 for 24hr and monthly chips, \$1.75 for anniversary, step, and specialty medallions. For over twenty years, we've charged \$.60 and \$1.50 despite periodic increases to our cost. When will increase become effective? When the office has used up the 50 or so price sheets that were already printed. Books are well stocked, old pamphlet purge is in process. Old pamphlets are on the table in office, feel free to take them. I won't be reordering from AAWS until this is done. There is much less demand for pre-printed literature these days.

Meeting lists/When & Wheres: Printing in small quantity is going well. Members express gratitude to have this simple way of connecting with new folks at meetings. I print 20-30 once or twice a week, depending on need. Next revision will be end of March. **If your group needs /more than 10 at a time, please give us a little advanced notice, if possible. Calling/texting my personal phone works best.

Group request: The 7:00pm Monday Young at Heart group has met only virtually since 2020. The current Chair has requested that we spread the word that the 53-year-old group needs more active members to fulfil service positions. A group conscience will be held March 25th immediately following the regular meeting. Flyers with more information are at the Office.

If time allows, I will make the following motions this month:

- 1: That the literature tab/page on Berkshire Intergroup website be disabled
- 2: That the committee consider adding a section to the website that includes reports and meeting notes
- 3: That the committee consider adding a group notices page to website

Thank you for letting me serve.
