Old Business:

John M read the minutes from last month's meeting. He also reviewed notes for the Area Committee Meeting in January.

Had discussion with the committee on any possible progress getting information out to the public in various places and possible contacts for commitments previously discussed. No progress as of yet. It was noted by one of our Reps. that the Attwood Dr. facility may not be accepting clients at this time. We will check on this.

New Business:

We discussed the need to continue to try and contact area high schools to provide information and possible commitments. Joidy mentioned that she knows a Principal that expressed interest in us providing their school with our services. I asked Jody to have them give me a call.

Peg suggested we try to contact school Superintendents to inform them on how they can access our PSA's to be used by their High school Health Depts.

Area Delegate Mike:

Mike discussed the monthly Concept and Service Manual Meetings. Info. on these can be found on our Area 31 website. He also discussed the new AA.org, website which is much more user friendly especially for the newcomers. Check it out!!

For this years conference Mike is on the Policy and Admissions Committee. There are 178 proposed agenda items. Many cover the 12 and 12 and the preamble. There will be a Mini-Conference in the early spring for our area to discuss pertinent items.

You can call Mike if any Group has a suggestion for an Agenda Item. Mike can be reached at delegate@area31aa.org or his number is ###-###-####.

This year the Round Up is scheduled for May 20,21&22 (In Person) at the Fairfield Inn and Suites in Enfield, CT. More info on our website.
