

**Quarterly Financial Report – Alcoholics Anonymous (“AA”)  
December 31, 2025 (Fourth Quarter) Unaudited Financial Statements**

**Part I: Overview and Intended Use**

The purpose of the Quarterly Financial Report (“QFR”) is to provide regular updates on the financial status of its service entities – the General Service Board of Alcoholics Anonymous, Inc. (“GSB”), Alcoholics Anonymous World Services, Inc. (“AAWS”) and the AA Grapevine, Inc. (“AAGV”) that may be shared with the Fellowship of AA. The operations of these entities include all operations of the General Service Office and Grapevine Office at 475 Riverside Drive in New York City. Pursuant to an Advisory Action of the 73<sup>rd</sup> General Service Conference, this report is distributed each quarter, in English, French and Spanish, to all Conference Members following the quarterly meetings of the GSB. An Advisory Action of the 75th GSC has expanded the QFR Scope to include reporting on current capital projects and current and estimated maintenance costs. These statements are unaudited and as such are subject to revision.

The QFR Consists of:

- Narrative – Parts II through V Below
- AAWS/GSB Financial Statements
  - Comparative Balance Sheet
  - Comparative Income Statement
  - Monthly Income Statement
  - Graphs – Contributions, Gross Literature Sales, Gross Margin, Operating Expenses
  - Statement of Functional Expenses
  - Capital Projects Report
  - 2026 Budget
  - Reserve Fund History
- AAGV Financial Statements
  - Statement of Activities – Grapevine
  - Statement of Activities – La Viña
  - Statement of Financial Position/Balance Sheet
  - Rolling Cash Flow Forecast
  - 2026 Budget

*Note: Balance Sheet and Statement of Financial Position are terms for standard financial reports that show a schedule of assets, liabilities and net assets (assets left over after liabilities). Income Statement and Statement of Activities are both terms for a schedule of revenue, income, and gains minus expenses and losses.*

**Respectfully Submitted by the Trustees Finance and Budgetary Committee on behalf of the GSB.**

## Part II: AAWS/GSB Financial Statements

Consistent with past practice, throughout the year accounting, unaudited reporting, and budgeting for AAWS and the GSB are consolidated. The breakdown for each individual entity is provided annually in the audited financial statements that are available to everyone in the Final Conference Report.

### II. A. Executive Summary

For the year ended December 31, 2025, total operating revenue is \$18,853,249 which is about 7% less than the budget of \$20,283,275. Total operating expenses before depreciation are \$18,528,182 which is about 2% less than the budget of \$18,967,187. Operating surplus before depreciation is \$325,068 compared to a budgeted surplus of \$1,316,088. Literature accounts receivable is \$543,685 of which 33.5% is current, 36.5% is less than 60 days past due, and 30.0% is more than 60 days past due. The reserve fund is at 5.92 months of 2025 budgeted GSO, GV, and LV operating expenses.

### II. B. AAWS/GSB Key Financial Indicators (“KFI’s”)

**GREEN** – Favorable Variance

**YELLOW** – Unfavorable Variance, Informative

**RED** – Unfavorable, Trustees Finance/Board action and/or discussions ongoing

Indicator	2025 Actual Versus 2025 Budget	2025 Actual Versus 2024 Actual
Contributions	\$10.579M vs \$11.000M, 4% less than budget	\$10.579M vs \$11.249M, 6% less than prior year
Gross Literature Sales	\$15.264M vs \$16.000M, 5% less than budget	\$15.264M vs \$14.452M, 6% more than prior year
Net Literature Sales (Gross Margin) <sup>1</sup>	\$7.456M vs \$8.510M, 12% less than budget	\$7.456M vs \$7.640M, 2% less than prior year
Gross Margin as a Percentage of Gross Literature Sales	48.8% versus 53.2%	48.8% versus 52.9%
Operating Expenses before depreciation	\$18.528M vs \$18.967M, 2% less than budget	\$18.528M vs \$18.444, 1% more than prior year
Operating Surplus before depreciation	\$325K vs \$1.316M	\$325K vs \$1.276M
Reserve Coverage (# of months)	5.92	6.47

<sup>1</sup>To explain gross margin, if a hard cover Big Book is sold for \$12, \$12 goes to gross literature sales. If that book cost \$6.12 to print and mail, net sales are what we keep, in this case \$5.88. The Gross Margin percentage on this sale is  $5.88/12.00 = 49\%$ .

## II. C. Comparative Balance Sheet Notes

*Cash* – Cash decreased \$4.278M from the prior year due to the International Convention (IC). Cash received from IC registration in the last quarter of 2024 was spent on IC production in 2025. The International Convention has a separate budget and profit and loss statement, but the funds received and disbursed are recorded on our Balance Sheet in accordance with generally accepted accounting principles (GAAP). A detailed budget and P&L for the 2025 IC is the responsibility of the convention management vendor Talley Management Group (TMG) with AAWS Board oversight. Reporting on these financials is separate and ongoing and includes a full accounting of Convention income and expenses. However, funds related to Convention are our assets and must be included on our Balance Sheet as such.

*Accounts Receivable* – Accounts receivable, including the receivable from Grapevine, increase \$2K from the prior year, which is not a significant change.

*Prepaid Expense* – Prepaid expense decreased by \$871K because prepaid expenses associated with the Convention were moved in 2025 from prepaid expense to the Convention income statement as expenses.

*Literature Inventory* – Literature inventory decreased by \$308K due to the sale on the facsimile first edition Big Book and careful inventory management. Since cash is tied up in inventory before it is sold, the AAWS Board carefully reviews printing of literature to meet needs without maintaining excessive levels of inventory.

*Reserve Fund and Grapevine Subscription Liability*– See Part IV.

*Net Fixed Assets* – Net Fixed Assets (durable property used for more than one year) decreased by \$926K over the past year due to depreciation in excess of capital expenditures and amortization of the “Right-to-Use” Asset which quantifies the economic benefit of the leased space at 475 Riverside Drive.

*Postretirement Medical Fund* – These assets of \$9.599 million and liabilities of \$5.190 million relate to the postretirement medical insurance program which was closed to new hires as of 2016. Asset values vary throughout the year based on premium payments and changes in market value. The liability is recalculated annually by our actuaries based on changes in medical insurance premiums and retiree life expectancies. The plan currently has \$4.410 million more investment assets than required to meet expected benefits when due.

*Accounts Payable and Accrued Expenses* – Accounts payable and accrued expenses decreased \$623K from 2024 due to increased contributions in the fourth quarter of 2025.

*Defined Benefit Pension Liability* – The defined benefit pension plan was closed to new hires as of January 1, 2013. The assets are held in an irrevocable trust from which benefits are paid. The amount as of September 30, 2025, \$(11.4 M), is a negative liability which represents the fact that assets in the plan exceed benefit obligations. The liability is recalculated annually by our actuaries. The plan currently has more investment assets than required to meet expected benefits when due.

*Rent Lease Liability* – This reflects the present value of the liability for the current lease at 475 Riverside Drive which expired at the end of 2025. Present value is how much money you would have to set aside today in an interest bearing account to make future payments. Since the lease ended, there are no future payments and the present value of the lease is 0. The present value for the lease which commenced on January 1, 2026 will be calculated as part of the audit of the 2025 financial statements and reported in the Q1 2026 QFR.

## **II. D. Budget – General (applies to all entities)**

The budget, per our Bylaws, is approved by the General Service Board (“GSB”) at its Q1 meeting. Each July, the budget is reforecast to reflect any actions by the General Service Conference and any needed adjustments to plans and to reflect the actual income and expenses for the year so far. A budget reforecast is approved by the GSB at its Q3 meeting and from then on becomes the budget for the remainder of the year. The concept of a reforecast budget in July allows for budget revision to reflect any actions by the General Service Conference and is also consistent with Bill W’s words in Concept 11.

*The QFRs for the 1<sup>st</sup> and 2<sup>nd</sup> Quarters are based on the Original Budget. The QFRs for the 3<sup>rd</sup> quarter and full year are based on the Reforecast Budget.*

## **II. E. Budget – AAWS/GSB**

The 2026 budget was approved by the GSB at its February 2, 2026 meeting and is included in the Financial Statements section of this report. The AAWS/GSB capital budget reflects the cost of the office retrofit that allowed for the elimination of the space on the 8<sup>th</sup> floor when the lease for that space expired at the end of 2025.

## **II. F. Income Statement Notes**

*Revenue* – As noted above, contributions were 6% less than last year. The Self-Support Subcommittee of the AAWS Finance Committee works to increase the effectiveness of communication explaining how contributions make possible essential member services and support for those seeking help. At its October 30, 2025 meeting, the AAWS Board approved a monthly activity communication to Conference members that will be initiated from the Self-Support Finance assignment. This communication is developed in consultation with the AAWS Treasurer, Chair of the General Service Board and General Manager with regular updates provided to the AAWS Self-Support Subcommittee. Communications were sent in November and December 2025 and January 2026.

**In 2025, Seventh Tradition Self-Support contributions covered 57% of operating expenses. We rely on Seventh Tradition contributions and literature sales to serve the Fellowship.**

Gross literature sales were 5% less than budget, primarily due a sales dip in November, 2025. However, gross literature sales were 6% more than in 2024 due to a full year of Plain Language Big Book sales. Since its introduction in November 2024 over 228,000 copies of the Plain Language Big Book have been sold producing a gross revenue of just over \$2 million.

*Expense* – Overall, operating expenses before depreciation were 2% below budget and, due to inflation, 1% more than in 2024.

*Operating Surplus before Depreciation* – This metric is similar to earnings from operations used in non-profit and for-profit settings. It excludes:

- Depreciation - a non-cash expense for long-lived assets previously purchased and ‘capitalized’
- Support for La Viña (per Advisory Action, the shortfall on publishing La Viña is covered as a service from the General Service Board)
- Volatile financial results such as changes in investments and obligations for pensions and postretirement obligations.

Operating Surplus Before Depreciation for 2025 was \$325K which is less than the \$1.316M budgeted surplus and less than the \$1.276M surplus in 2024.

*Non-Operating Revenue* – Non-operating revenue consists of interest on the reserve fund and gains/losses/income on the investments in the postretirement medical fund.

*Non-Operating Expense* – Non-operating expenses include La Viña support, changes in valuation of pension assets and liabilities, utilization of the World Service Meeting (WSM) Fund and International Literature Fund (ILF)<sup>1</sup> and reserve fund draws provided to AAGV. Since AAWS and GSB have a consolidated budget, reserve draws for AAWS do not reflect as a non-operating expense on the income statement.

<sup>1</sup> The WSM Fund is used to help WSM Delegates attend the event if their structures request financial support. The fund is used to assist countries with development, translation, production, and purchasing of literature.

## Part III: AAGV Financial Statements

### III. A. Executive Summary

**Grapevine:** Grapevine made excellent progress in 2025, with bottom line improvement of over \$575k (67%) compared to 2024. Although print subscriptions declined by 8%, both Online and App subscriptions increased by over 34%. Total Subscription income increased by 5.4% and Subscription gross margin increased 39%. Books and other Published Items income increased by 7.7%, but its gross margin decreased by 3%. Total Gross Margin increased 18% to \$1,951k. Operating Expenses improved 11.5% compared to 2024, but were slightly over the 2025 reforecast.

**La Viña:** has shown tremendous improvement in all areas year-over-year. Below are key percentages:

- Average circulation increased 6% to 7,951, and subscription income increased 36% to \$150k.
- Books and other Published Items income increased 30% to \$179k.
- La Viña total gross margin increased 63% to \$178k.
- Total expenses decreased 5% to \$630k.
- La Viña's bottom line improved 17%. The support from the GSB is reduced \$95k, from \$572k to \$477k.

The net shortfall La Viña subscriptions and materials minus expenses does not flow to the AAGV corporate bottom line; instead, per Advisory Action, it is funded by the General Service Board.

**Note: Results are preliminary and subject to audit and adjustments are expected.**

### III. B. AAGV Key Financial Indicators (“KFI’s”)

**GREEN** – Favorable or neutral Variance

**YELLOW** – Unfavorable Variance, Informative

**RED** – Unfavorable, Trustees Finance/Board action and/or AAGV Board discussions ongoing

Indicator	Versus 2025 Budget	Versus Prior Year (September 30, 2024)
Total Grapevine (“GV”) Subscription Income	\$2,063k vs \$1,990k, 3.6% ahead of budget	\$2,063k vs \$1,957k, 5.4% ahead of prior year
Total GV Print-only Circulation	41,258 vs 41,455, 0.4% behind budget	41,258 vs 45,048, 8% below prior year
GV App + Online + GV Complete Subscriptions	17,315 vs 16,679, 3.8% ahead of budget	17,315 vs 14,141, 22% ahead of prior year
Total Circulation	58,574 vs 58,134, 0.7% ahead of budget	58,574 vs 59,189, 1% below prior year
GV Subscription Net Profit Percentage	56.9% vs 54.1%	56.9% vs 42.9%, reflecting the impact of price increase
GV Total Gross Margin (all products)	\$1,952K vs \$1,809k, 8% ahead of budget	\$1,952k vs \$1,641k, an increase of 19% reflecting higher prices and impact of higher-margin digital products
GV Operating Expenses	\$2,113 vs \$2,063k, 2.4% above budget	\$2,113 vs \$2,388, 11.5% improvement due to staff reductions and other cost savings
GV Net (Loss) before Reserve Transfers	\$(284k) vs \$(389k), a \$105k improvement	\$(284) vs \$(852), a \$567k improvement
LV Total Gross Margin	\$178k vs \$167k, 6.5% above budget	\$178k vs \$109k, an increase of 63%
LV Total Circulation	7,951 vs 8,545, 7% behind budget	7,951 vs 7,492, 6% greater than prior year
LV Expenses	\$630k vs \$632k, a \$1k improvement over budget	\$630k vs \$666k, a decrease of 5.3%
LV Shortfall	\$(477k) vs \$(493k), 3% improvement over budget	\$(477k) vs \$(572k), an improvement of 17%

### III. C. Statement of Financial Position Notes

*Cash and Cash Equivalents* – Cash increased year-over-year from \$125k to \$180k. Cash as a percentage of Total Accounts Payable improved from 18% to 27%.

*Inventory* – Inventory levels increased slightly compared to 2024 because of additional printing related to the International Convention and inventory restocking.

*Subscription Liability Fund* – See Part IV Below.

*Deferred Subscriptions* – The total amount of subscriptions received is recorded as “deferred” until the subscription is fulfilled – magazines are mailed or time passes for a digital subscription. Approximately one-third of these amounts are held in the Reserve Fund (See Section IV below) which provides the funding to fulfill obligations to these subscribers should publication of the magazine or support for the app otherwise cease for new subscribers.

## **II. D. 2026 Budget**

The 2026 budget was approved by the GSB at its February 2, 2026 meeting and is included in the Financial Statements section of this report.

## **Part III. E. September 2025 Income Statement Notes**

### **Grapevine:**

Total circulation and subscription income for 2025 was 58,574 and \$2,063k and both exceeded the reforecast, by 439 copies and \$72k respectively. The combined Back Issues and Prison/Hospital sales are particularly strong as they are \$49k over reforecast and \$38k higher than last year.

Direct cost for subscriptions is an improvement over reforecast by \$24k. This is due to the refund by our Canadian vendor that was overpaid due a currency conversion error. During 2023, AAGV requested this vendor to change the invoice currency from USD to CAD. However, our billing platform continued to assume these invoices were in USD and adjusted the amounts to CAD. This resulted in overpaying this vendor almost \$24k in USD. This has been refunded.

Gross margin on subscriptions is \$1,173k, an \$97k improvement over reforecast.

Books and other Published items revenue is \$1,163 and higher than the reforecast by \$35k. Gross Margin is \$778k which is a \$45k improvement compared to the reforecast.

Total gross margin for Grapevine is \$1,951k which is an improvement of \$142k compared to the reforecast. Additionally, the total gross margin is \$309k (18%) higher than last year.

Grapevine Expenses are higher than the reforecast by a total of \$49k but \$275k lower than last year. These costs will be monitored, and reductions are expected to continue in 2026. The net deficit is \$284k, which is \$105k improvement compared to the reforecast and a \$567k improvement over last year.

### **La Viña:**

Circulation numbers for La Viña continue to do well in 2025 compared to 2024. However, there were subscriptions that were not renewed in recent months. We associate that with the price increase. This is being monitored carefully and there will be continuous efforts to encourage renewals.

Subscription income continues to improve and is \$8k higher than the Reforecast. Magazine COGS is \$1k lower than the Reforecast and Subscription Gross Margin is a \$9k improvement over the Reforecast.

La Viña Other Published Items revenue continues to increase but is \$3k lower than the reforecast. However, this is a \$40k (26%) improvement compared to 2024.

La Viña total Gross Margin is \$178k through December 31st which is a \$11k improvement over the reforecast and \$69k higher than 2024.

La Viña operating expenses are \$630k, which is \$1k lower than the reforecast and a \$36k improvement compared to last year.

Overall, La Viña's bottom line improved by \$16k compared to the reforecast and a \$95k improvement compared to last year. Therefore, the support from the GSB decreased \$95k compared to 2024.

#### **Part IV: Reserve Fund and Grapevine Subscription Liability**

As of December 31, 2025, the Reserve Fund Assets total \$11.562 million consisting of cash and certificates of deposit. Less the liability for unfulfilled Grapevine subscriptions of \$540k, the Reserve Fund Balance is \$11.022 million. In December the GSB approved a drawdown of up to \$750,000 for AAWS/GSB operations. \$500,000 has been drawn to date. At its Q1 meeting, the GSB approved a drawdown of \$200K for AAGV operations. As of December 31, \$247K of the \$2.1 million approved for the retrofit has been drawn down.

Based on the 2025 expense budgets for GSO, Grapevine and La Viña (total \$22.33 million) the reserve fund balance is equal to 5.92 months of operating expenses. Since actual 2025 expenses were less than budget, the reserve fund balance is equal to 6.17 months of actual expenses. If the entire \$2.1 million authorized for the retrofit is drawn down, the reserve fund will have approximately 5.0 months of operating expenses at the completion of the project. Note that the calculation of months of operating expenses is influenced equally by (1) the size of the Reserve Fund Balance and (2) the level of GSO, Grapevine and La Viña expenses.

A 10 year history of the reserve fund balance and months of operating expenses is included in the financial statements.

#### **Part V: Other Notable Items**

None.
